**PRESS PACK 2020**

# PAUL HERON

Hi there,

Thanks for downloading my press pack. This year marks my 20th anniversary djing, I'm currently booking in dates for a 20th anniversary world tour, hopefully your event or party could make for a fantastic collaboration!

I can't believe it's been 20 years already, I've been so privileged to have played at some of the best parties around the world in that time!

For those of you who don't know me so well, I have been a resident of one of Europe's largest events **LA DEMENCE** Brussels for the last 10 years - also playing on their legendary annual cruises since they began.

I'm currently part of the **LITTLE GAY BROTHER** dj crew, representing LGBTQ dance culture at major straight festivals including SECRET GARDEN PARTY (5 years) , **BOOM TOWN, ELROW FESTIVAL** and many more major international events.

I was a Resident DJ for **DTPM @ Fabric** London for 2 years and was also a resident for **ORANGE NATION**, headlining their biggest events for 17 years at their peak, including **ORANGE, A.M & BEYOND** from the beginning, including the **@MINISTRY OF SOUND** residency.

I have included a more detailed list of some of the major stand out events from my history.

It's been an exciting 20 year journey and I would like to make this year the biggest year to date and am excited to work with new promoters, events and Brands. I hope that your event can be part of my 20th anniversary celebrations!

To listen to a large selection of mixes and musical styles that I cover, head to my [soundcloud](#).

I hope to celebrate with you later in the year.
